

## Statistical Consultation

### Spring 2023 brief statistical consultation for ACES graduate students and researchers

Do you need brief statistical assistance designing experiments, conducting or getting started with analyses using generalized linear mixed models (e.g., ANOVA, regression, logistic regression and mixed models) or basic statistical methods? Or do you need assistance implementing analyses and data manipulation using SAS software?

Statistical and SAS statistical computing assistance is available via Zoom during Spring 2023 semester Thursdays from 12:30-3:30 pm (January 26<sup>th</sup> – March 9<sup>th</sup>, March 23<sup>rd</sup> – May 4<sup>th</sup>).

To make an appointment, contact Dawn VanLeeuwen ([vanleeuw@nmsu.edu](mailto:vanleeuw@nmsu.edu)) using your NMSU email. Specify which Spring semester 2023 Thursday and indicate your availability between 12:30 and 3:30 pm (meeting start times from 12:30 -3:00 pm). Please indicate whether requesting brief ½ hour consultation or 1 hour session.
